

Recording with Effects

You can add various effects to videos and still images to create a different atmosphere from the usual recording.

*The image is only an impression.

1 Touch **Ⓜ** to display the menu.

2 Select "MANUAL SETTING" and touch **OK**.

3 Select "EFFECT" and touch **Ⓜ**.

4 Select the effect setting and touch **OK**.

Setting	Details
OFF	No effect.
SEPIA	Gives images a brownish tint like old photographs.
BLACK & WHITE	Records in black and white like old TV images.
CLASSIC FILM	Skips frames to give images of the effect of an old movie. <ul style="list-style-type: none"> This can only be set in the video mode.
STROBE	Enables the image to look like a series of consecutive snapshots by skipping frames. <ul style="list-style-type: none"> This can only be set in the video mode.

NOTE:

- Settings can be adjusted separately for videos and still images.
