## Digest Playback

You can play back a few seconds from each scene of the recorded videos in the created DVD.

- 1 Load the created DVD on a DVD player.
  - 2 Select "DIGEST PLAYBACK" on the TV.
- The digest is played back continuously.

(The screen does not appear on this unit.)

---

### NOTE:

- To normal playback/To index menu
    - 1) Press the top menu button on the remote control of the DVD device during digest playback.
    - 2) Select the desired item.
  - "DIGEST PLAYBACK" menu is not available when the DVD is created using the provided Everio MediaBrowser software.
-
