

## Playing Back Videos

You can select and play back the recorded videos from an index screen (thumbnail display).

1 Select the playback mode.

2 Select the desired video with the ZOOM/SELECT lever and press OK to start playback.

- You can also press the START/STOP button to start playback.
- Press the OK or START/STOP button to stop (pause) playback.
- To return to the index screen, slide along the ZOOM/SELECT lever while paused.

## Operations During Video Playback

Operation Button	Operation
	Playback/pause
	Forward search/reverse search
	Volume adjustment

### Memo:

- You can search for a specific file by the recording date. This is useful when searching from a large number of files.

### CAUTION:

- Make a backup of important recorded data. It is recommended to copy your important recorded data to a DVD or other recording media for storage. JVC will not be responsible for any lost data.

## Checking the Recording Date and Other Information

Press the INFO button when the index screen is displayed or while paused.
