## Setting Metering Area

You can set the brightness of a specified area as the standard.
1 Press MENU to display the menu.

2 Select "MANUAL SETTING" with the ZOOM/SELECT lever and press OK.

3 Select "METERING AREA/ TYPE" and press OK.

4 Select "SPOT" and press OK.

● When "SPOT" is selected, select the position of the spot frame by pressing the +/- buttons.
   After selecting, press OK to confirm.
