

SLIDE SHOW EFFECTS

Effects can be added to the transitions in slideshow playback.

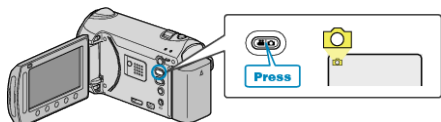

| Setting | Details |
|--------------|--|
| SLIDE | Switches the screen by sliding in from right to left. |
| BLINDS | Switches the screen by dividing into vertical strips. |
| CHECKERBOARD | Switches the screen by changing through a checkered pattern. |
| RANDOM | Switches the screen with a random effect from "SLIDE", "BLINDS", and "CHECKERBOARD". |
