
Cannot find a recorded file.

Cancel the date search function.

Change the setting in "REC MEDIA SETTING". (Files on other media are not displayed.)

Select "PLAYBACK OTHER FILE" in the menu. (Video files that have damaged management information can be played back.)

Videos recorded in high definition and standard definition are displayed on the index screen separately. Set "VIDEO QUALITY" in the recording menu to "UXP", "XP", "SP", "EP", "LS", or "LE" to view the videos recorded in high definition, or to "SSW", "SS", "SEW", or "SE" to view the videos recorded in standard definition, before selecting the playback mode.
