Memo :

- Tap or drag on the operation area of the touch screen.
- Operations buttons on the touch screen disappear if the unit is not operated for about 5 seconds. Tap on the screen to display the operation buttons again.
- You can search for a specific file by the recording date.

Caution :

- Make a backup of important recorded data.  
It is recommended to copy your important recorded data to a DVD or other recording media for storage.
- This unit is a microcomputer-controlled device. Electrostatic discharge, external noise and interference (from a TV, a radio, etc.) might prevent it from functioning properly. In such a case, turn off the power, then remove the AC adapter and battery pack. This unit will be reset.
- 

Adjusting the Volume of Videos

You can tap on the volume adjustment button to control the volume.

1 Tap 🔊.

2 Tap “+” or “-”.

- Volume can also be adjusted using the zoom lever during playback.

- Tap X to exit volume adjustment.
- Volume adjustment is disabled when an AV cable (audio/video) or HDMI cable is connected.

Checking the Recording Date and Other Information

1 Pause the playback and press the INFO button.

You can display the recording date and duration of the selected file.
